SAVE INTERNATIONAL 2022 VALUE SUMMIT

June 4-8, 2022, Renaissance Phoenix Glendale Hotel & Spa, Glendale, Arizona USA

PAPERS AND INTERACTIVE PROFESSIONAL DEVELOPMENT (IPD) SESSIONS ACCEPTANCE POLICY & SUBMISSION INSTRUCTIONS

GENERAL INFORMATION

The Value Methodology (VM) is a proven project management best practice and an exceptional decision-making tool to find alternative solutions to problems and achieve improved value.

In 2022, we will celebrate 75 years of providing value to industry and government worldwide. Please consider sharing your success and stories in improving or enhancing value in your organization, company or industry by submitting a paper for presentation or preparing an Interactive Professional Development (IPD) Session at the 2022 Value Summit. Targeted focus areas will include:

1. **New Technology to Improve Value** – How have you harnessed technology to improve value? What have you been doing that is creative and disruptive? Are there new innovations in your market and how were they developed? How is emerging technology affecting VM?
2. **Business Process Improvements** – What have you been doing in the way of business process improvements? Do you have a new tool or technique we should hear about? How did your organization embrace the new improvements or continuous process improvements? We would like to hear your successes.
3. **Value in Transportation** – We strongly encourage all transportation-related entries (all modes of transportation). Since there will be no AASHTO VE conference again this year, consider this opportunity as your outlet for a paper and presentation. How has DOT value delivery faired over the last few years and where could it go? How has your organization embraced value opportunities?
4. **Value Enhancement Tools that Support Value Management** – Highlight the combination of other techniques with VM to improve outcomes, including Agile, LEAN, Six Sigma, Risk Analysis, DFMA, Resiliency, Choosing by Advantages, Activity-based costing, etc.
5. **Value Improvement Approaches in Manufacturing** – Demonstrate *Function-Inspired Change* in manufacturing. Share your experience in improving delivery by defining needs and identifying creative and efficient solutions to achieve innovative solutions.
6. **Value Management Improvement Approaches and Process Improvements** – Convey success stories in your approach to using the methodology, team dynamics, workshop logistics, facilitation of studies, new tools and techniques. What works well and what is a challenge? Tell others about new techniques and applications of the value methodology.
7. **Improving Value in Government –** What can you tell others about success stories or pitfalls in managing a government value program? How have you used the methodology to improve the function and value of public projects? What can you tell us about your value standards and evaluations?
8. **Value Management and Systems Engineering** – We would like to hear more about how Function and Value Management has been applied or can be applied to Systems Engineering.
9. **Value Project Management** – How is the value methodology being used in day-to-day project management activities?

CORE COMPETENCIES

To be considered for selection your paper or continuing education session MUST clearly demonstrate how it addresses one or more of the Core Competencies. The Core Competencies that the paper is addressing need to be identified. PDUs will be awarded to each paper by the Certification Board based on how well the Core Competencies are addressed. Papers may not be accepted if they do not clearly provide training or instruction for the core competencies they are covering.

Authors of papers that are selected will have 30 min
utes for overall presentation time at the Summit, which includes 20 minutes for presentation of the paper and 10 minutes for questions and answers. Authors of continuing education sessions may choose training time of 1 hour or 2 hours and this training must address one or more of the Core Competencies

Please refer to https://www.value-eng.org/resource/resmgr/certification/Core_Competeny.pdf for context.

SUBMISSION DEADLINES

Papers must be received by 11:59 PM Eastern Time, January 31, 2022. All papers and presentations will be reviewed by the Paper Review Committee. Changes may be requested. Earlier completions and submissions would be greatly appreciated. Submissions will only be accepted through the SAVE 2022 Value Summit Paper Submission Site.

To submit a proposal for an **Interactive Professional Development (IPD) Session**, please click HERE.

Format
The submittal document template has been formatted in accordance with the following instructions and provides all heading formats in the MS Word Styles Pane.   The template is not to be modified. To view the Styles Pane, on the top ribbon, select the Home tab. On the far-right, click on Styles Pane. To format text, highlight it, then select the style.

Graphics
- All graphics must be embedded.
- All graphics must have a title and be numbered in the order in which they appear.

References
- Always acknowledge the work of others used in your paper.
- Use the author-date system of reference, i.e., (author, publication year, and if applicable, page number) e.g., (Smith, 2002) or (Smith, 2002, 24).
- Include a Reference List at the end of your paper.
- Examples of reference formats from books and articles are as follows:
  - Books: author(s), year of publication, title (in italics), relevant pages (if applicable), publisher, where published
  - Articles: author(s), year of publication, title of paper, journal (in italics), issue, page number
- Please note: your reference page will NOT count towards the 8-page maximum for your submission.

Notification
Notification of acceptance is anticipated by February 15, 2022.

Responsibilities of Presenters
Presenting authors of accepted papers shall be required to register to attend the 2022 Value Summit. Presenters are responsible for all expenses related to participating in the Summit, including complete registration fees, transportation, lodging and meals. You must also be able to present your paper virtually if there is a need to convert to a virtual meeting due to COVID.

FOR MORE INFORMATION
Questions regarding the SAVE 2022 paper submission should be directed to Maripat Traino at valuesummit@value-eng.org.
