

Indian Value Engineering
Society (INVEST)

*38th Annual International
Conference*

Value Engineering, Your Competitive Edge

Be ProductiVE, Be CompetitiVE

6th – 7th January 2023

**Hotel Holiday Inn, Mumbai,
India**

About the Conference

Founded in October 1977, INVEST successfully deploys value engineering practices and techniques to support businesses in creating a 'value culture' by improving quality, productivity, profitability, competitiveness, and sustainability.

The 38th Annual International Conference of INVEST aims to serve as a vibrant, multi-disciplinary platform for the confluence of stakeholders from industry, government, academia and civil society for cross-learning through a wide range of Value Engineering systems. It also seeks to facilitate a dialogue for exploring new avenues and explore solutions for existing and emerging challenges faced by organisations, professionals and students to keep pace with dynamic market scenarios in a neo-normal economy
