

ISMS 2026

International Symposium on Intelligent and Sustainable Management Systems

October 29–31, 2026

Tashkent State Technical University
Tashkent, Uzbekistan

THEME Intelligent and Sustainable Management Systems for Future Industrial and Business Innovation

ABOUT

The International Symposium on Intelligent and Sustainable Management Systems, ISMS 2026, provides an international forum for researchers, practitioners, educators, and industry professionals to exchange recent advances, emerging ideas, and practical experiences in management science and its applications. The symposium welcomes theoretical, methodological, empirical, and applied studies in operations research, management science, industrial engineering, business and economic decision-making models, optimization, simulation, analytics, and sustainable management systems. It particularly encourages contributions that develop or apply intelligent, data-driven, and sustainability-oriented approaches to address complex managerial and operational challenges across industrial, business, and social systems.

TOPICS OF INTEREST

Scope & Coverage

- Business & economic decision-making
- Operations research
- Data analytics & AI
- Machine learning applications
- Supply chain & logistics
- Production management
- Scheduling & inventory control
- Resource allocation
- Risk analysis
- Uncertainty modeling
- Sustainable operations
- Circular economy
- Green logistics
- Quality management
- Value engineering
- Process improvement
- Healthcare & education
- Regional applications

KEYNOTE SPEAKERS (TENTATIVE)

Speakers

- Sardor B. Donaev**
Tashkent State Technical University, Uzbekistan
- Kiyohisa Nishiyama**
Tashkent State Technical University, Uzbekistan
- Manabu Sawaguchi**
Ritsumeikan University, Japan
Advisor of SJVE · Vice Chair of JTS
- Kuo-Yi Lin**
National Kaohsiung University of Science and Technology, Taiwan
SE of ESWA · EAB of AJMSA
- Jingzheng Ren**
The Hong Kong Polytechnic University, China
EiC of Environment, Development and Sustainability

DEADLINES

Important Dates

Abstract / Full Paper Submission	Aug 31, 2026
Notification of Acceptance	Sep 15, 2026
Early Bird Registration	Sep 25, 2026
Symposium	Oct 29–31, 2026

REGISTRATION

Registration Fee

Early Bird (until Sep 25, 2026)	USD 350
Regular Registration	USD 450
Student / Non-Author Delegate Registration	USD 250

SUBMISSION

Submit an Abstract or Full Paper in English (PDF). Include title, author names & affiliations, email, 4–6 keywords, and corresponding author contact information.
